

## Home school communication

Dear Parents,

We are constantly looking at ways to improve our whole school communication, particularly during these difficult times when parents are unable to come into school to work with their child. As a whole school rewards scheme, we use a program called Class Dojo

The children love this fun and interactive system where they can earn dojo points which can then be converted to prizes and rewards. We would like to involve parents in this program by giving you access to your child's dojo account, this will enable you to see the dojos your child has earned together with the reasons why and will allow you to award dojos from home if you feel your child has worked well. The system also allows parents to send messages direct to the teacher and the teacher can respond (during school hours). To access your child's dojo account please complete the following steps.

1. Download the ClassDojo app on your phone or tablet
2. Open app and tap 'Parent' to create a parent account
3. Enter name, email & create a password
4. Tap 'Add child (+)' and use their class code which can be found below:
