

Teams - Uploading an assignment

Your teacher can set assignment for you to complete. You will see a new notification every time your teacher sets a new assignment for you, which is circled in blue. By click on this notification, you will be brought to the assignments page. You can also click the assignments button in the left-hand menu to see all the different assignments set by your teacher, or you can click into your class and click on the assignments button circled in yellow.

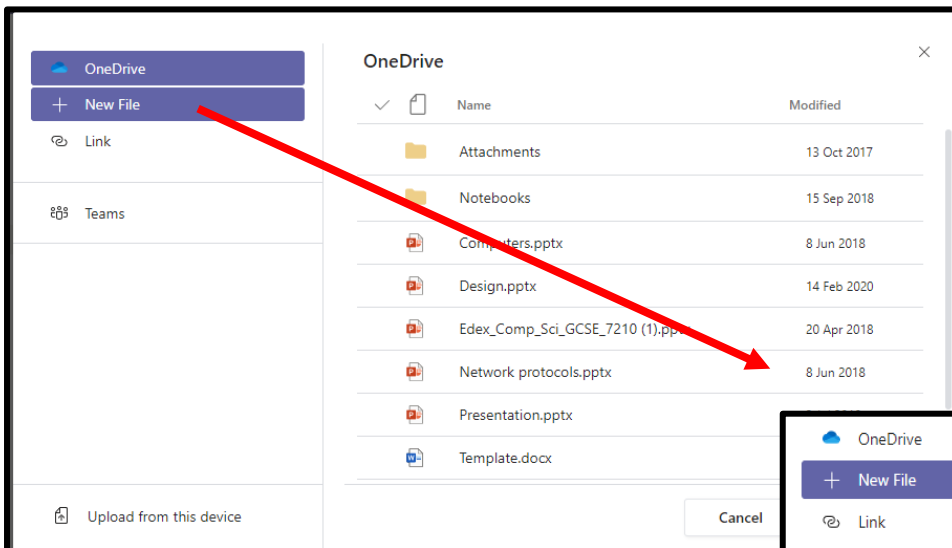

Click on the assignment to access the task.

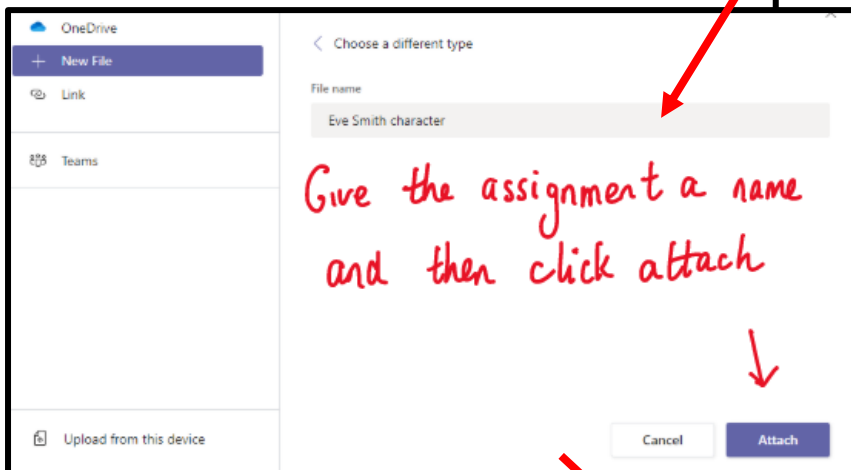

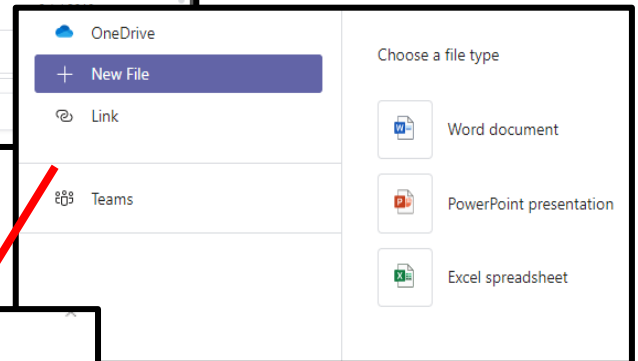

To add some work, we first need to create a new document, then complete our work in it.

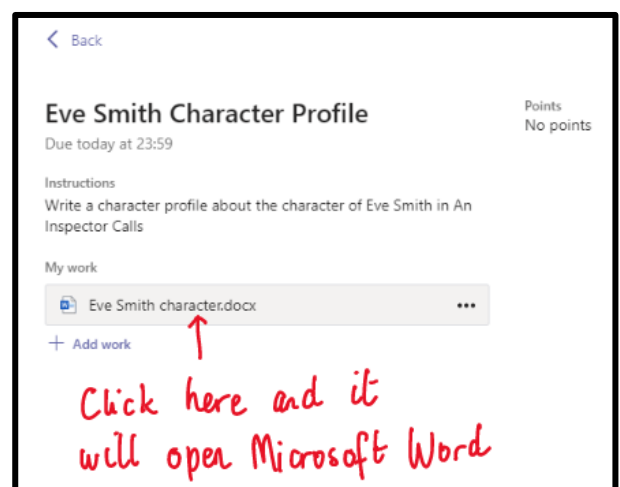

Using a new file

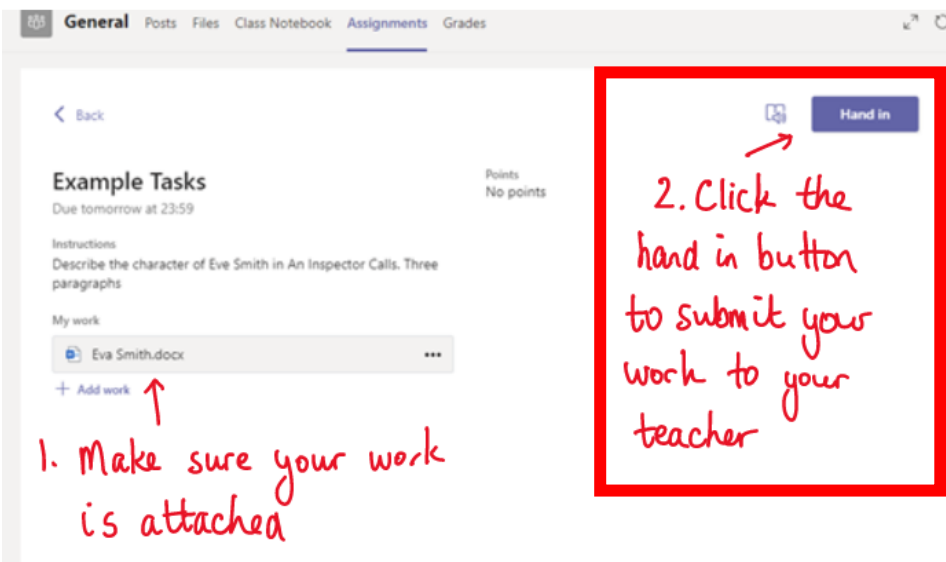

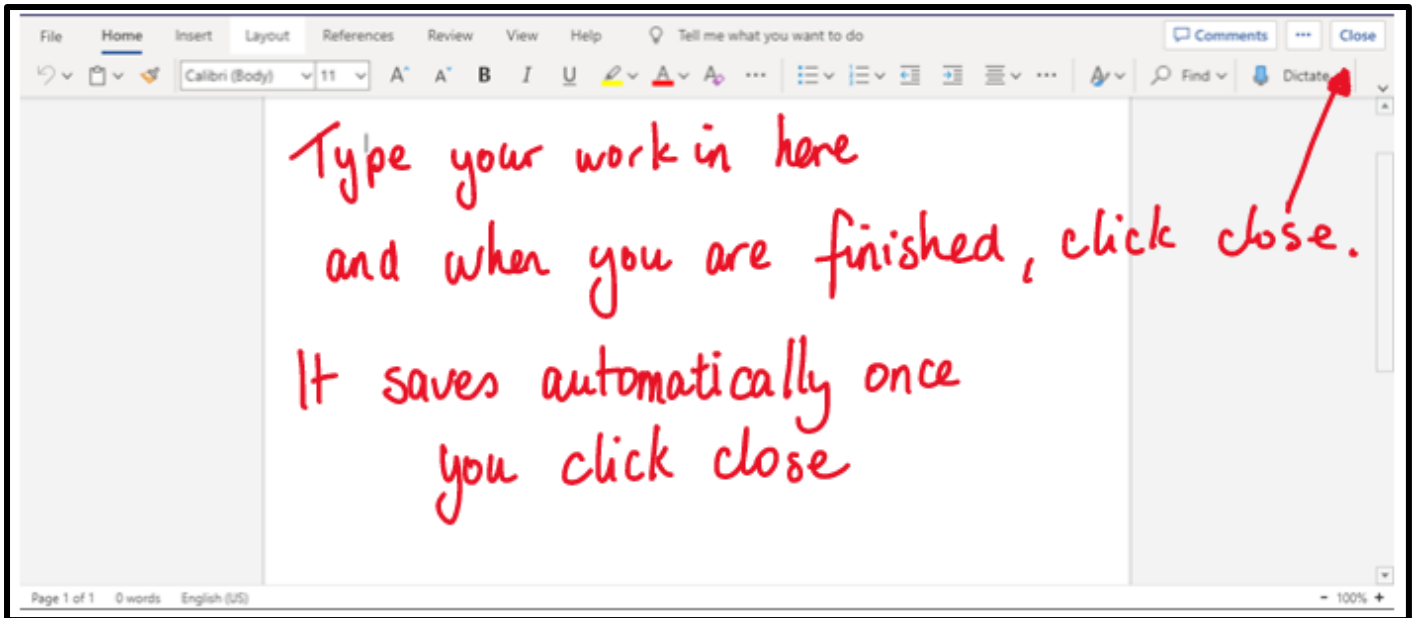

Click on new file and decide what format you will be submitting your work, Word, Powerpoint or Excel

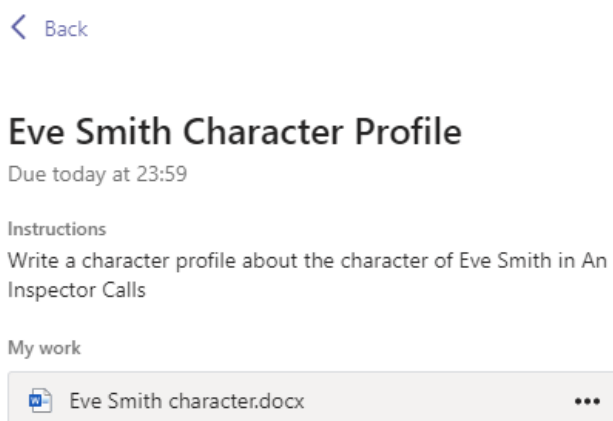

You have now created your document that you can start writing your work into. To start your work, click on the document name.

Make sure that you have your work attached and that it is not blank. Click the hand in button. Your teacher can now look at your work and give you feedback if required.

Handed in on Fri 20 Mar 2020 at 03:28 ✓ Undo hand-in

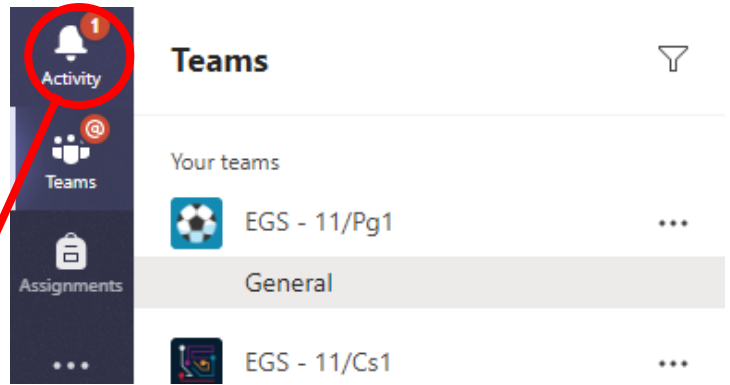

If you have successfully handed in your work, you will see an animation - there are loads of different types!

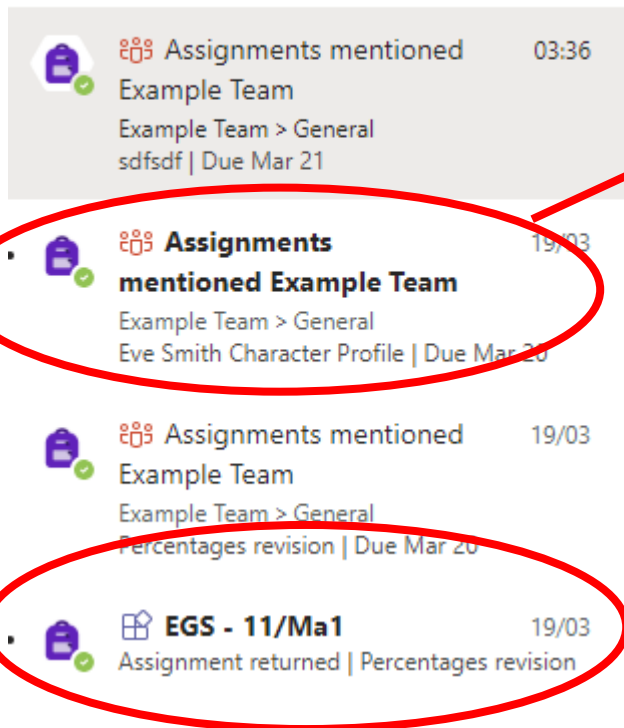

Teams - Getting feedback and responding to feedback

You will get a notification in your activity feed when a teacher has set you a new assignment or sent you feedback on your work.

Click on the Activity button and it brings you to your feed. Any message in **bold** you have not read

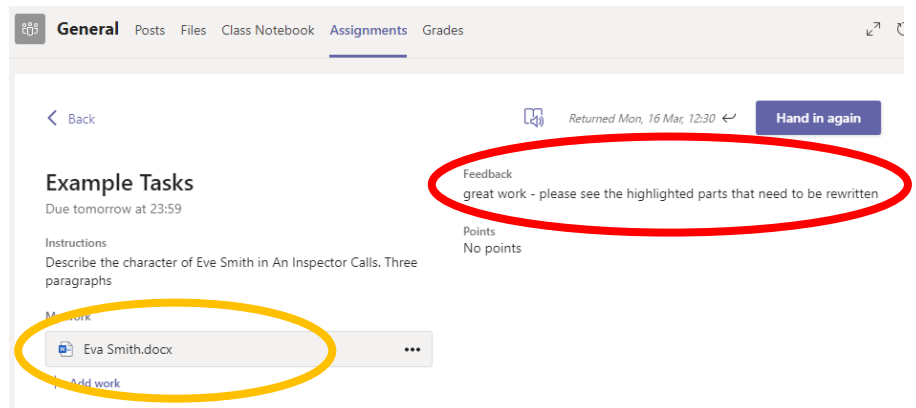

Feed

This is a notification to say that there is a new assignment in the Example Class that you need to complete

This is a message to say that work has been returned in this student's maths Team - to see the feedback, click on the notification

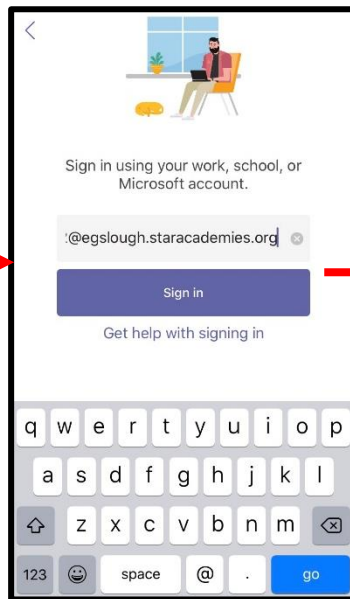

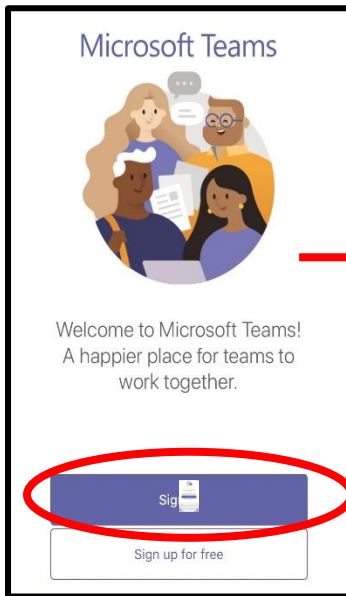

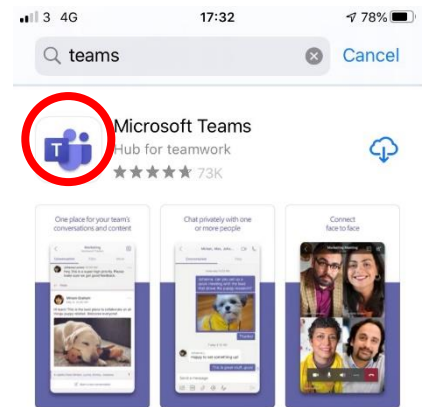

This piece of work has been looked at by this student's teacher and been given some feedback circled in red. You can click on the file to open it and act on the feedback given to you by your teacher, before handing it in again.

SECTION 2 - USING TEAMS ON A TABLET OR PHONE

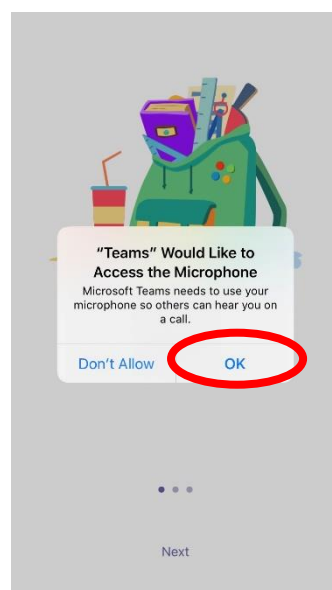

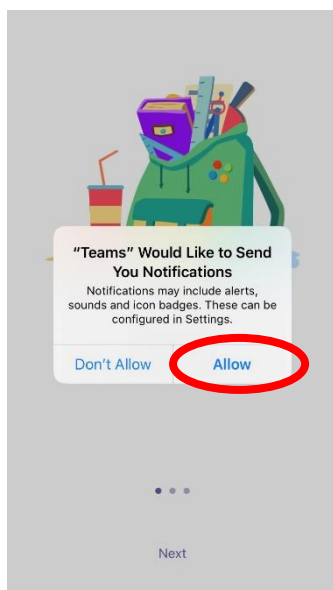

Teams - Downloading the Teams App

The Microsoft Teams app is available for free on the App Store (iPad and iPhone) or Google Play store (Android tablets and phones). Search for Teams and look for the purple Teams icon circled in red and download. Once it is downloaded, open the app and log in.

Sign in with your school email address. Example: Hannah Baker is in year 7, so her email address is 19hbaker@egslough.staracademies.org

You will then be directed to the login page for the Trust - this is like if you are logging into a computer in school, so your username is your computer log in you would normally use at school and the password is the one you set at school.

Turn on notifications for Teams so that you get an instant notification when your teacher has set you a new piece of work, posted an important message or sent you some feedback on work you submitted. If you are joining a virtual classroom (year 9 and 10) you need to click allow, but during the virtual classroom, you will be turning the microphone off.

Teams - Uploading an Assignment

If you are uploading a document, follow the guide that is in section 1 as uploading a document from a phone or tablet is the same process. However if you have piece of written work that you need to upload, you can use your tablet or phone to take a picture of your work. You can find the assignment you have been set in two places - the activity feed and assignments - picture 1.
