19<sup>th</sup> March 2021

Dear parents,

From September 2020 all primary schools will be required to have **Relationships Education** in place and a **Relationships and Sex Education (RSE) policy**.

As a school we have an obligation to teach children from Year 1 to Year 6 about aspects of RSE and I feel it is important that as a school we are clear about what that entails. The mention of the words, 'Sex education' can create unnecessary anxiety for parents and carers and I want to reassure you that the focus of much RSE in primary school is broader than you might think, focussing more so on the Relationships rather than the Sex aspect.

We adopted the JIGSAW scheme of work last year in order fulfil this statutory requirement. Throughout the year, we cover different aspects of the JIGSAW curriculum through six broad topics- Being me in my World, Celebrating Difference (autumn term) Dreams & Goals, Healthy Me (spring term) Relationships and Changing Me (summer term) A focus on Relationships is covered within each topic, with the 'Changing Me' topic covering most of the Sex Education aspects.

As a parent or carer you do have the right to request your child is removed from parts of the sex education programme, but we feel confident that the content is both relevant and appropriate for our age group. It is important to clarify that withdrawal of your child would only be considered **only for content that is not part of the statutory science curriculum**.

To help you understand what will be taught from September 2020, a concise overview of content by year group is listed overleaf.

We have also created a Survey Monkey questionnaire which we would ask that you spend a few minutes completing. The survey will be open for two weeks until **2<sup>nd</sup> April 2021**. You can find it here:

<https://www.surveymonkey.co.uk/r/FZBC5W3>

This will help us to gain your thoughts and opinions of this new content and then share our approach to the teaching of RSE following this period of consultation.

Kind regards,

Mrs Wright
