15th November 2021

Dear Parents,

We are continuing to experience a surge in confirmed Positive COVID cases in Years 5 and 6 and the school outbreak management plan consisting of the measures below remains in place for these year groups.

- 1) There is to be no mixing of Key Stage bubbles within school.
- 2) All staff will wear a mask when working in these bubbles.
- 3) All visitors including parents must wear a mask when entering the school building
- 4) Parents are asked to maintain social distancing when talking to staff.
- 5) Enhanced cleaning throughout the day
- 6) No whole school or parental events
- 7) Any child displaying any symptoms of a cough, temperature or loss of taste or smell must not come into school and parents must take them for a PCR test.

We have been following these measures for a number of weeks and cases are not reducing therefore the school will be implementing an additional measure. Any child who is unwell will be asked to complete a lateral flow or PCR test before coming into school (school can provide these tests if required). Any child who has not completed these tests and presents as unwell will be sent home until the test is completed.

We do not want to close a bubble and implement home learning for any children as we know how detrimental this is for their learning therefore we ask for your co-operation with this additional measure to ensure that this does not become necessary.

Yours faithfully

A handwritten signature in black ink, appearing to read 'Mrs Pointon'.

Mrs Pointon
Headteacher
