

## National Tutoring Programme Year 2 School Research Champions withdrawal form from data processing for parents

Dear Parent / Guardian,

We are writing to let you know that your child's school is participating in a research study being carried out by the National Foundation for Educational research (NFER) on tutoring and education recovery, following school closures due to the Covid-19 pandemic. The research explores the impact of the National Tutoring Programme (NTP), which is providing subsidised tuition and mentoring for pupils during the 2021/22 academic year. The programme is being funded by the Department for Education and is managed by Randstad.

Your child's school has agreed to participate in the evaluation as a Research Champion, which will involve them sharing pupil data. Your child might not be involved in the programme, but is still involved in the research so we can explore the impact of the programme on attainment outcomes for pupil involved compared with pupils who are not involved.

As a Research Champion, your child's school has committed to provide additional information which will specifically contribute to the evidence base about the impact of tuition. The [Privacy Notice](#) summarises what personal data will be collected, and how this data will collected, used, shared and protected. We have robust procedures in place to make sure that we comply with the requirements of GDPR. **Please be assured that no child will be identified in any report shared or published as part of the evaluation.**

If you are happy for your child's data to be used for this evaluation, **you do not need to return the reply slip**. However, if you would prefer your child's data not to be shared, stored and used for this project, please complete the form below and return it to your child's teacher. If you would like to withdraw your child's data from the evaluation at any subsequent stages please inform your child's teacher. If you have any queries please contact us via email at [NTP@nfer.ac.uk](mailto:NTP@nfer.ac.uk)

Yours sincerely,

Kathryn Hurd  
Head of Survey Operations  
National Foundation for Educational Research
